King Inflatable workmanship:

1) Reinforcement.

We make reinforcements at every weak points like welding seams, inside baffles, conner ect.

2) Durable anchor ring.

For anchor ring, we use 316 stainless steel material which last longer than other metal in water.

3) Durable parts.

All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.

4) Stable Connection System.

We created original eyelet connection and anchor ring connection system which make the whole park very stable.
